SOURCE DESCRIPTION:

A renewal permit application was received from Texas Eastern Transmission Corporation on May 24, 2002 and was complete on July 23, 2002.

PUBLIC AND U.S. EPA REVIEW:

On January 19, 2006, the public notice on availability of the draft permit and supporting material for comments by persons affected by the plant was published in *Bath County News-Outlook* in Owingsville, Kentucky. The public comment period expired 30 days from the date of publication.

Response to Comments

Comment: One comment on the Draft Title V Air Quality Permit was submitted by Sabino Gomez, Environmental Compliance Manager for Texas Eastern Transmission Corporation. The response by the Kentucky Division for Air Quality is included after the comment.

Title V Permit:

Form DEP7007DD of the renewal application included two (2) pipeline liquid tanks (2,360 gallons each). These tanks, however, are not referenced in the Section C of the draft permit. It is requested that Section C include all activities in Form DEP7007DD.

Division's response: The insignificant activity has been included in Section C of the proposed permit.
